

## FIRE RESISTANT DIGITAL ELECTRONIC SAFES

### MAIN FEATURES

- ◆ Designed to give one hour fire protection (when properly installed).
- ◆ Four solid locking bolts made of heavy duty steel.
- ◆ One fully adjustable shelf.
- ◆ Two recessed bolt holes in base for fixing with anchor bolts.
- ◆ Mechanical override for digital lock.
- ◆ Programmable user code and master code.
- ◆ Built in safeguards against tampering - if any incorrect code is keyed in more than three consecutive times, the safe will alarm and automatically stay locked.
- ◆ External battery power supply.
- ◆ Low battery indication.
- ◆ Easy to read touch - tone conductive rubber key pad for long lasting life.
